Learning & Exploring

◦Please explore with me

◦Many different iPhones
  ◦Latest version of IOS (14) is preferred for this exploration

Today's Plan

➢ Have some fun looking for nuggets on your iPhone

➢ Explore new capabilities

➢ Get Show-Off stuff (Please share your new skills)

➢ Gain Confidence with device

Our Learning Tools

- Zoom Video Platform
- Slides – Downloadable from class page
- Demonstrations
- Your Questions
  - "Hey Don" or Chat
  - Email: don@SeniorTechClub.com
- Online Class Page at:
    Links.SeniorTechClub.com/WC1

Let's Look at our Online Class Page

Access via QR Code on your iPhone

Or type into your browser:
◦ Links.SeniorTechClub.com/WC1

Read QR Codes with your iPhone

Where do you see QR codes?

- Ads
- Jobs - Apply here site
- Product Information
- Park Information
- How are we doing on receipts

Read QR Codes with your iPhone

Point Camera at QR code and tap on notification banner at the top of the screen

Do not press the shutter

Online Class Page

QR Code →

Today we'll explore how to:

✓Scan a QR Code with your Phone

▪The Magic of Long Press

▪Use Favorites to Create a Brag Book

▪Use your iPhone as a Magnifier

▪Customize the Control Center

▪Do Not Disturb

▪Send text messages with special effects.

The Magic of Long Press

Press & Hold on app icons to reveal shortcuts and other functions.

Explore these:
- Camera
- Clock
- Blank Part of Home Screen

Use Favorites to Create a Brag Book

Create a Brag Book using Favorites

View the Favorite album under:
- Albums, Favorites

Use the iPhone Magnifier

Set Up the Magnifier

Launch **Settings** App

Tap **General, Accessibility, Magnifier**

Turn on Magnifier (Green is On)

Launch by pressing Home (iPhone x or later Side)

Button 3 times

Explore – Yellow Slider & Press Shutter to Freeze

IOS 14: New Magnifier App

Customize the Control Center

The iPhone Control Center provides access to common tasks and apps including:

- Flashlight
- Calculator
- Camera
- Do Not Disturb

    and

- Custom additions

# Access the Control Center

With Home Button

Without Home Button

Customize the Control Center

Steps to customize:

Launch the **Settings** app

Tap **Control Center**, **Customize Controls**

1. Add Icon (+)

2. Delete Icon (-)

3. Move Icon
